Education

Clinical Knowledge Exchange & Faculty Development

Cleveland Clinic expertise delivered to your institution: best-practice sessions, a member speaker series, visiting professorships, curriculum review and faculty development.

Category	Typical duration	Delivery model
Education & Training	1 hour to 6 months, by format	On-site, Virtual, Workshop-based

Client need

Clients want Cleveland Clinic expertise at their own institution, for clinical topics, hosted events or stronger curricula and faculty, without sending staff abroad.

Questions we help you answer

- How can our staff learn from Cleveland Clinic experts without traveling?
- Can Cleveland Clinic faculty teach or present at our institution?
- How strong is our medical curriculum, and how do we develop the clinicians who teach it?

What you receive

- **Clinical Best Practice Session.** 1-hour session, virtual or on-site
- **CC Connected Speaker Series.** Monthly 1-hour sessions for members
- **Client Symposium/Conference.** Presenters for a client-hosted event
- **Visiting Professorships.** Teaching at the host institution, 1 to 2 weeks
- **Undergraduate Medical Curriculum Review.** Expert review over 3 to 6 months
- **CCAD Faculty Development.** Workshops on teaching, assessment and curriculum design

How it works

Format: Virtual sessions, event support, in-person teaching and curriculum advisory

Expected outcomes

- ✓ Cleveland Clinic expertise for staff at the client's institution
- ✓ A curriculum strengthened by expert review
- ✓ Stronger teaching skills among faculty
