Education

Executive & Physician Leadership Development

Leadership programs for physicians, senior leaders and executive teams, from three-day immersions at Cleveland Clinic to multi-month development and onboarding pathways.

Category	Typical duration	Delivery model
Education & Training	3 days to about 4 months, by program	On-site, Hybrid, Self-paced Online, Cohort-based Program

Client need

Organizations need leaders who build strong teams, decide well in complex systems and carry a culture of excellence through growth or a new hospital opening.

Questions we help you answer

- How do we prepare physicians for their first leadership roles?
- How do we bring a new executive team together before opening?
- How do we develop senior leaders in ways that show measurable results?

What you receive

- **Global Physician Leadership Immersion Program.** Physicians new to leadership; 3-day U.S. cohort
- **Executive Visitors Program.** Healthcare leaders; 3-day operational immersion
- **Samson Global Leadership Academy.** Senior executives; 1 to 2 week intensive
- **Executive Leadership Onboarding.** Leaders of new hospitals; about 4 months, from March 2027
- **Executive Leader Development Pathway.** Leaders of existing hospitals; about 4 months, from January 2027

How it works

Format: In-person immersions and cohorts, and hybrid pathways

Location: Cleveland Clinic (United States) and the participant organization

Expected outcomes

- ✓ Stronger capability in current and emerging leaders
- ✓ First-hand exposure to the Cleveland Clinic model
- ✓ Leadership development tied to measurable results
