01 CLIENT NEED

Greenfield hospitals, academic medical centers, networks and national programs involve large capital, many stakeholders and long ramps to sustainability. This Premium International offering draws on every stage of Cleveland Clinic's finance advisory lifecycle.

02 WHY CLEVELAND CLINIC

Delivered by Cleveland Clinic's Finance Advisory team. Cleveland Clinic runs 23 hospitals and 300 outpatient locations with about 83,000 caregivers, from Northeast Ohio to London and Abu Dhabi (as of December 31, 2025). Senior members of the Finance Advisory team lead, with International & Emerging Markets experience in hospital development and partnerships.

03 WHAT YOU RECEIVE

Selected to match the program at scoping:

- **Integrated pro forma:** startup costs, capital plan and operating ramp-up
- **Network or enterprise model:** multi-site phasing, service mix and scenarios
- **Academic medical center or partnership strategy:** funding, risks and negotiation materials
- **Board and investor business case:** with a governance and reporting roadmap

04 HOW IT WORKS

On-site / Hybrid / Workshop-based | 8 to 24 weeks

- **Baseline (2 to 4 weeks):** plans, data and priorities, with a site visit
- **Modeling and strategy (4 to 16 weeks):** models and scenarios with the client
- **Decision support (2 to 4 weeks):** board and investor readouts

Partnership strategies run 8 to 16 weeks; greenfield and national programs 12 to 24 weeks.

05 WHAT WE NEED FROM YOU

- Program sponsor or steering committee
- Client program director and functional leads
- Data arrives on time; late or incomplete data can change scope and timing
- Recommendations are advisory; decisions stay with the client's leadership

06 EXPECTED OUTCOMES

- Investors commit on a tested business case
- Sites, services and partners planned as one strategy
- A stronger position in partner negotiations
