SQPE Speaker Series and Knowledge Sharing Sessions

Regular expert sessions that connect your teams with Cleveland Clinic leaders on the safety, quality, nursing and patient experience topics that matter most to you.

CATEGORY	TYPICAL DURATION	DELIVERY MODEL
Education & Training	Ongoing, monthly cadence	Virtual

01 CLIENT NEED

Improvement teams benefit from ongoing exposure to expert thinking and peer practice, but hospitals rarely have direct, recurring access to leaders who have solved the problems they face. Questions arise continuously as teams work on SQPE priorities, and waiting for formal engagements slows progress.

These sessions are typically requested by quality, nursing and patient experience leaders who want their teams to learn directly from Cleveland Clinic experts on a regular basis.

02 WHY CLEVELAND CLINIC

Cleveland Clinic draws on a deep bench of physician, nursing, quality and patient experience leaders who present on how Cleveland Clinic approaches real operational challenges.

Knowledge Sharing Sessions are built around topics the member requests, so content addresses current priorities rather than a fixed curriculum, while the Monthly Speaker Series keeps teams connected to Cleveland Clinic thinking throughout the year.

03 WHAT YOU RECEIVE

- Monthly Speaker Series sessions led by Cleveland Clinic experts
- SQPE and nursing Knowledge Sharing Sessions on member-requested topics
- Speaker Series session recordings shared with attendees
- Annual calendar of planned Speaker Series topics

04 HOW IT WORKS

Virtual | Ongoing, monthly cadence

The Monthly Speaker Series runs as live virtual sessions open to member caregivers. Knowledge Sharing Sessions are scheduled on request, with the member proposing topics and Cleveland Clinic matching the right expert.

Speaker Series sessions run monthly throughout the membership year; Knowledge Sharing Sessions are scheduled as requested.

05 WHAT WE NEED FROM YOU

- Session coordinator to share invitations and collect topic requests
- Participating caregivers and leaders
- Virtual meeting access

06 EXPECTED OUTCOMES

- Ongoing access to Cleveland Clinic expertise between formal engagements
- Faster answers to emerging SQPE questions
- Stronger professional development for quality and nursing teams
- A deeper working relationship between member teams and Cleveland Clinic experts
